

## The parable of the farmer and the seeds

Hello from Engage,

I hope that you enjoyed our Harvest assembly.

Christians believe that Jesus told parables to teach them something about God or about how they should try to act. All the parables can be found in the New Testament part of the Bible. This parable is about a farmer who plants seeds on different types of ground.

If you have a children's Bible at home or at school then you might like to read this story again with your adult.

Can you answer some of the questions below?

- Where did the farmer plant the seeds?
- Which seeds grew the best?
- Which seeds didn't grow well?
- What do you think Jesus was trying to teach his followers?

Christians believe that Jesus told the story to tell them how they should act and share his message.

You might like to try planting some seeds in different types of ground and see which grow best. Good luck little gardeners!
